About Us

Forging property partnerships with local residents for years to come.

It can often be difficult to distinguish between one estate agent and another. At Property Assistant we like to think that being independent and family owned makes us a little bit different to the rest.

50+ Years Industry Experience

Established in 2014 we have a mature team with a combined industry experience of over 50 years. Specialising in residential property sales and lettings we pride ourselves on the personal service we deliver and guarantee that you will receive a truly honest, efficient and professional service tailored to your exact requirements.

An Agent You Can Trust

We understand that moving home or letting your property can be stressful. That's why we established our business to offer a different kind of service. As a family run business, our values are hugely important to the whole team and at the heart of what we do. We value honesty and want our customers to know that they can trust us.

Local Knowledge

Our purpose-built office in our family home in Wokingham is where we work hard to deliver the best results for all of our clients. We grew up in the local area, going to the local schools and colleges and continue to live in and around the Wokingham borough, which allows us to draw on a wealth of local knowledge.

This makes all the difference when it comes to finding the perfect home for you. Plus it means that we're part of the same community as you – a community we are all invested in helping to support and grow.

Personal Service

We only accept a small number of properties within our portfolio at any one time which enables us to tailor our service to our clients exact requirements and deliver a first-class service to all. We take the time to get to know everything about our clients properties and the timescales in which our clients are working towards so we can ensure we introduce the best candidates.

Selling Property Quickly For The Best Price

It's no surprise that we are one of the highest performing property experts in the local area in achieving the fastest sales at the best prices. We are proud of the relationships we build with the people we work with. In fact many of our buyers, sellers, tenants and landlords go on to become clients for life; our buyers become future sellers and those renting properties go on to be future landlords. Ultimately, it is our aim to match people and properties perfectly and it's by building such trusting and honest relationships that we're able to deliver on this promise.
